#### **Act of Creation**

##### **Part - II**

During the interaction with the Atmas, after telling them that [GOD](#) will give each [Atma](#) an Opportunity, a Body and Time to [carry out a physical Life Task](#) during [Janam](#), the conversation goes...

Atma:

“What is a [body](#)? Can you show us an example?”

GOD creates a body and places it in front of the Atmas.

Atma:

“What is this?

What is it called?

What are the characteristics of this body?”

GOD:

“This is a male.

Each male body will have one predominant strength and one weakness.

Those of you, who want to be given a male body during [your Opportunity](#), step to this side.”

*Comment 1: PARAMATMA creates a male body with one strength and one weakness more than other strengths and weaknesses.*

*Comment 2: GOD places the male body to one side.*

*Comment 3: Approximately, a little more than half, about 51% of the assembly moves towards the side of the male body.*

GOD (looks at the remaining Atmas):

“What do you want?

Is there a problem?”

Atma:

“Is there another option?”

GOD creates another body and places it in front of the assembly.

Atma:

“What is this?

What is it called?

What are the characteristics of this body?”

GOD:

“This will be known as a female.

Each female will have four strengths and four weaknesses.

Those of you, who want to be given a female body during your Opportunity, step to this side.”

*Comment 1: PARAMATMA creates a female body in the second instance with four strengths and four weaknesses.*

*Comment 2: GOD places the female body on the other side.*

*Comment 3: Most of the remaining Atmas moved towards the female body, leaving a small contingent behind.*

GOD (looks at the remaining Atmas):

“What do you want?

Is there a problem?”

Atma:

“I cannot make up my mind right now.

Can I decide which body to take when I earn the Opportunity to carry out my physical Life Task? ”

All The Remaining Atmas:

“Me too!”

GOD:

“Alright. I will give you the choice of body to take at the time you earn your Opportunity. ”
