“When you complete your Life Task, I will confirm your reward”

Discourse

When an [Atma](#) resident in a given [body+mind](#) carries out the The Life Task, [PARAMATMA](#) confirms the Reward.

Every Atma has been given a unique PARAMOUNT Life Task at the time of the Act of Creation.

The PARAMOUNT Life Task is further sub-divided into five small individual manageable Life Task.

Every PARAMOUNT Life Task is unique.

Within each PARAMOUNT Life Task, the five individual Life Task are unique for each Atma.

For each Life Task, [GOD](#) would spell out the reward during the conversation with that Atma before being given the body+mind for that [Janam](#).

When I remember GOD by repeating the Name - [OMNMNKAAR](#) by way of [Japp \(continuous repetition\)](#) or by way of [Dhyaan \(meditation through the Name - OMNMNKAAR\)](#), I store small incremental amounts of energy generated by those sound waves in a virtual tube (communication pipe) between GOD and I.

When that pipe is full, one more remembrance / repetition / simran of OMNMNKAAR will open the channel between the intelligence of the body+mind and GOD.

When the intelligence appears before GOD and requests for the Life Task of his or her Atma,

GOD is ready: “Your Life Task is”

The intelligence then comes back to his or her body and carries out The Life Task.

When carrying out The Life Task, certain conditions must be met:

1. The person (body+mind given to that Atma) must be aware with his or her intelligence that this is the specific Life Task of his or her Atma.
2. The person should plan and consciously decide to carry out The Life Task.
3. The person must plan and decide the place, the time and the method of carrying out The Life Task.
4. The individual carries out The Life Task with the intention of completing the Life Task on behalf of his or her Atma.
5. [GOD](#) manifests before that Soul to confirm the acceptance of The Life Task duly carried out.
6. PARAMATMA will confirm the reward specified for that Life Task.
7. Confirmation of carrying out the Life Task is also sent to and recorded in the ledger maintained at [The Court of The Chief Judge](#).

[Comment](#): When the Life Task is completed, GOD manifests (reveals to the Atma) and lets the Atma know that the Life Task has been accepted.

Once an individual has used the [communication channel to talk to GOD](#), that channel is emptied out.

Should you wish to talk to GOD again, you will have to fill that channel once more. Once it is filled, your intelligence will appear before PARAMATMA again and you may present your question.

Remember the Principle is:

‘One appearance before PARAMATMA, One question.’

There is never any chance that a body+mind, which has been made aware of the Life Task of its Atma is unable to carry out the given Life Task in the [remaining time of its Janam](#).

Every Atma that has carried out The PARAMOUNT Life Task (Five small Life Task), has been merged with GOD thus attaining Salvation / Mukti / Moksha.

Each Life Task is do-able and must be carried out.
