Discourse

Definitions

Need

'A burning desire to fulfill an unquenched thirst within me that can only be satisfied by that 'something'.

The [Need of the Atma is to carry out the Life Task](#) given to it.

The [Soul](#) agreed to carry out that Life Task for GOD.

[GOD](#) gave a specific [body+mind](#) to that Atma for that specific [Janam](#) to enable that [Soul](#) carry out the agreed upon Life Task.

Once an Atma enters the [physical universe](#) in the given [body+mind](#), there is only one aim or goal (a need) to carry out the Life Task.

For the Atma, nothing else matters.

For the body+mind, [society](#) has introduced the want of physical and mental pleasures as so-called needs.

Obedience

To do as laid down by [LAW](#) and [Rule](#).

To accept as given.

To observe the procedure and process as laid down.

Dutiful or submissive compliance.

Obey and you will get [benefit](#).

[Submit and surrender to GOD through The Teacher.](#)

To trust is to obey.

Obedience is to hear and act accordingly.

Motivation for obedience is love and trust.

Give your being to [GOD](#).

[The Teachings](#) are the way to worship Him.

[Love GOD](#) and obey [The Articles](#).

Obedience and submission is better.

Conformity to a monastic rule or the authority of [The Teacher](#) especially on the part of one who has vowed such conformance.

Obedience to the rule or authority that exacts such conformance.

Submission, subservience, deference.

The state or quality of being obedient.

Obedience is a **choice** between our limited knowledge and the unlimited knowledge and power of [PARAMATMA](#).

GOD has given us the [Articles](#) for our benefit.

The Articles are loving instructions for our happiness and for our physical and spiritual well-being.

When we obtain any benefit from PARAMATMA, it is by obedience to that LAW upon which it is predicated.

[When you obey the LAWS, Rules, and the Principles of Life, as set out by GOD, you will benefit.](#)

If you do not follow them, GOD does not impose any penalty nor does he punish you.

The benefit is directly proportional to the degree of obedience.

[I need to remember the Name OMN MNKAAAR.](#)

I need to earn [Ashirwad](#).

I need to obey all [The LAWS](#), [The Articles](#), [The Rules](#), [The GIFT](#), [The Universal Truths](#), and [The Teachings](#).

I need to exercise [my Right](#) in accordance with The Teachings.

I need to [prepare The THREE Requests for my Atma](#) for the next [Janam](#).

I need to ensure that none of my [actions cause harm or loss to any Atma](#), or another being in his or her body+mind, passing through Janam in the past, the present or the future.
